

# GOALS

## Camp RYLA's goals are threefold:

- To assist each student in developing a comprehensive view of leadership through emphasis on teamwork, motivation, and communication.
- To allow each student to sharpen her/his particular strengths through attending talks on leadership, joining group/cabin discussions, and participating in camp committees.
- To broaden each student's understanding and appreciation of others' unique qualities and abilities through participation in a cabin group and experiencing the cabin bonding process.

# A Typical Day

Days begin early with aerobic exercises and a hearty breakfast to get the body moving. Throughout the morning, campers attend speaker sessions, educational workshops, and discussion groups.

Afternoons are filled with cooperative games and competition designed to build teamwork and spirit. In addition to volleyball and softball, the RYLA Olympics held on Thursday are always an annual favorite.

Evenings are busy between social events and activities that allow the campers to interact with one another. Between late-night snacks and a dance party, there is always something campers will find enjoyable.

The day isn't complete until campers return to their cabins for group discussions. This allows campers to reflect on the day and "process" what has been presented.

## Group Dynamics

Each student is assigned to a cabin group consisting of other campers, an assistant counselor (a camper from previous years), and an experienced adult counselor. Campers in each cabin represent high schools from throughout District 5810.

Teamwork, communication, and consensus building are developed as the cabin group faces the week's challenges together. In addition, each student serves on various committee groups that actually take the responsibility for many aspects of the day-to-day events. Each camper has something to contribute. The basis of most camp memories and shared experiences come from participating in these cabin groups.

The following is a list of items to help you with packing for the week at camp. The camp will be a lot of fun with a variety of activities, so bring clothes you'll feel comfortable in, as well as clothes that can get dirty when you participate in outdoor activities and sports.
